

SUMMARY OF EXAMINER INTERVIEW

On June 28, 2007 an in person interview was conducted with the Examiner. After a discussion of the claims, Figure 9, and the cited art, the Examiner indicated that the claims as amended in the Response on May 23, 2007 are allowable over the cited art. Dependent claims 5 and 6 as originally filed were also specifically reviewed, and the Examiner agreed that the fractional copying, decryption, and key deletion cycle was present in the original as filed claim set and is fully supported by the specification.
